## CONFERENCE PROGRAM

### GPCA ANNUAL WINTER CONFERENCE

# GPCA - A Constant Level of Integrity in an Ever-Changing World

**January 13 - 15, 2009**  
**University of Georgia**  
**Athens, Georgia**

**GEORGIA  
PEST CONTROL  
ASSOCIATION**

#### GPCA PARTNERSHIP FOR A CURE

For the 5th consecutive year, GPCA members have helped raise money to help find a cure for blood cancer. This year **\$104,950** was raised bringing our grand total to more than **\$504,950** since 2004, placing us in the top 10 nationally!!!!

We encourage you to get involved in the 2009 campaign. The benefits of the program are far-reaching and do a world of good:

- Help researchers find a cure. In the past two years, new medicine has been brought to market that has sustained many patients.
- Helps build teamwork within your company. Working together for the community and good will builds enthusiasm and team spirit
- Many people only think of pest control in a negative context—this work helps them see us as a partner in the community
- Improves the relationship between companies and their customers

# It's BUSINESS, it's EDUCATION - but it's ALSO FUN!

## GEORGIA PEST CONTROL ASSOCIATION

2034 BEAVER RUIN ROAD - NORCROSS, GA 30071 - PHONE (770) 417-1881 - FAX (770) 417-1419 - GPCA.ORG

Welcome to our 53<sup>rd</sup> consecutive annual Winter Conference at the Center for Continuing Education on the campus of the University of Georgia!

This year's conference promises to be like none before it. The planning committee under the direction of co-chairs Roger Lemaster and Julie Fogg, along with the GPCA staff and the executive officers, has made every effort to bring you the greatest line up of nationally known speakers for this conference.

Notice this year's theme, **GPCA—A Constant Level of Integrity in an Ever-Changing World.** I'm sure we can all agree that there are lots of changes happening in our industry. The decline of termite inspections due to the economy and changes in the realtor contracts, the "green" movement, the new leadership in Washington, mergers of large chemical companies— just to name the main ones. With all the changes going on, we must maintain our integrity! And after 58 years of continuous service to the pest management industry, that is just what you can depend on with GPCA. We will be discussing these topics and many more. We hope that this conference will help you make the important decisions you need to make for your business in this changing environment.

This year we are honoring Glenda Love and Karl Loveland for their years of service to the pest control industry. Be sure to congratulate them for their achievement and contribution to the professionalism and integrity they helped foster.

You have made an investment in your career and your company by attending this conference. There is no better opportunity offered to network with industry leaders, regulators, "movers and shakers" and people who are making a difference.

Have a wonderful time at the conference,

*Chuck Carney*

Chuck Carney, GPCA President

GPCA and Leukemia/Lymphoma Society, Partnership for a Cure

*"I found that the variety of speakers and events at the GPCA Winter Conference provides a unique opportunity for attendees to expand their professional network and learn from the best and the brightest minds in the pest management business."*

*Craig Goodwin, Director of Learning Solutions, Orkin Pest Control*

*"I attended my first GPCA ATHENS conference in 2008 and it was great. At the conference I got to hear great speakers and learn more about what a super career pest management offers. I hope to go every year!"*

*Devon Cazee, Skyline Pest Control,*

*"The GPCA Athens Conference offers PMP's the most professional and efficient assortment of timely topics and speakers assembled in the Southeast."*

*Dr. Dan Suiter, Associate Professor and Director Georgia Structural Pest Control Training Center, Department of Entomology, University of Georgia, Griffin, GA*

### 2009 Conference Committee

Julie Fogg  
Roger Lemaster  
*Conference Chairmen*

Chuck Carney  
Rex Corbin  
Scott Eubanks  
Dr. Brian Forscheur  
Craig Goodwin  
Cliff Nipper  
Julie Ramirez  
Tim Sherrer  
Manuel Snipes  
Dr. Dan Suiter  
Lee Tubbs  
Warren Vannest

Valera Jessee  
Connie Rogers  
Angela Ventura  
Christina Chapman  
Melanie Baer

**Richard Spencer**—Asst VP Technical Services/Quality Control Arrow Exterminators. Previously instructor for GPCA PCO course.

#### UNDERSTANDING BLDG CONSTRUCTION

**Dr. Jeff Tucker**—Renown national entomologist and pest management authority. Regularly featured in PCT & PMP magazines.

#### FOOD SERVICE/COMMERCIAL KITCHENS FLEAS—WE WANT OUR MONEY BACK

**Frank Meek**—Quality Assurance Manager for Orkin's Commercial Division and national pest control technical manager.

#### ANT CONTROL COMMERCIAL KITCHENS

**Josh Wiley—and the inspectors—**  
Ag manager for Georgia Department of Agriculture.

#### PRE-CONSTRUCTION SIMPLE—COMPLEX

**Paul Hardy**—Senior Technical Director, Orkin, 45 years at Orkin serving in practically every capacity. Serves as co-chair GPCA WDO Committee.

#### WDI PROBLEMS AND SOLUTIONS MOLD AND VENTILATION

**Jason Tripp**—Staff Entomologist and Manager of Commercial Pest Division, NW Exterminating

#### DOING SERVICE TICKETS RIGHT

**Dr. Al Greene**—developed and coordinates the US General Services Adm IPM program for federal bldgs. Received White House Circle Award for environmental excellence in Government.  
1st time on GPCA winter program.

#### IPM IN GOVERNMENT BUILDINGS

**Rick Bell**—VP Government Affairs & Industry Stewardship, Arrow Exterminators. Past President of GPCA and current co-chair GPCA Government/Legislative Committee. Previously served on the Structural Pest Control Commission.

#### NATIONAL TRENDS IN WDO

**Dr. Dan Suiter**—Assistant Professor Urban Pest Mgt, Department of Entomology, UGA, Griffin Campus. Develops research programs on structural and household ants, including fire ants. Previously served on the Structural Pest Control Commission

#### ID LAB BAD BEETLES

**Dee Wresche**—Pest management consultant, retired Orkin & Allgood Pest Solutions, training and technical services.

#### WILDLIFE MANAGEMENT

**Stephen Gates**—Director Technical Services Cook's Pest Control

#### BED BUGS

**Charlie Pate**—Mid-Atlantic Region Manager for Zoecon Professional Products since 1990. Serves on many GPCA committees including Train the Trainer Program.

#### FILTHY NASTY FLIES

**Eric Hobelmann**—Vikane® Gas Fumigant and Distributor Specialist, DowAgroScience

#### BRIEF HISTORY OF FUMIGATION DOW STEWARDSHIP part 1 2008 CARETAKERS PROGRAM DOW STEWARDSHIP part 2

**Matt King**—Wildlife Division Mgr, Arrow Exterminators and Branch Manager.

#### RODENT EXCLUSIONS

**Jim Chase**—Technical Specialist, Terminix Intl and termite species collector! Past president GPCA, generous trainer and participant on many GPCA committees. Developed middle school program for children to help them appreciate Urban Pest Management.

#### FUMIGATION

**Nancy Delany**—VP, Arrow Exterminators, REALTOR relations and New Business Development. Life Member Atlanta Board of Realtor's Million Dollar Club, licensed PCO. Co-chair of GPCA WDO Committee

#### REAL LIFE REAL ESTATE/INSPECTIONS

**Dr. Lisa Ames**—Director of Homeowner IPM Insect & Weed diagnostics program with the Cooperative Extension Service. Receives, identifies and provides control recommendations for 400-600 arthropod submissions annually.

#### SPOOKY SPIDERS

**Gary Moneyham**—Georgia District Sales Manager for Whitmire Micro-Gen

#### TERMITE BAITS FOR YOU

### SPONSORS MAKE US LOOK GOOD!

*Everybody understands the importance of sponsors—but especially this year you should appreciate them even more. Like many industries, budgets are tight and discretionary spending is practically non-existent. We deeply appreciate the commitment our sponsors have made to GPCA and to our members:*

**Atlantic Paste & Glue**  
Walter Mendieta  
Recertification Form

**BASF**  
Tom Nay  
Co-sponsor Registration Materials

**BB&T**

## COMING EVENTS FOR GPCA!

GPCA is always busy working on the next project. Be sure to take advantage of the many opportunities to learn and grow your career:

### GPCA Legislative Day

January 28, 2009

Legislative Luncheon  
State Capitol

### PCO Courses

January 20—February 26  
Marietta

\$265-\$395 cost

2 nights per week

Other courses will be offered in the fall but have not yet been confirmed.

### Regional Conferences

3 hrs HPC, 3 hrs WDO

Each location, \$10 per person early registration

January 29	Savannah
February 11	Dahlonega
March 10	Albany
March 25	Macon
March 26	Statesboro
April 16	Augusta
April 29	Rome
April 30	Gwinnett*

\*Gwinnett offers 8 hours credit and the cost is \$20 per person early registration

### 4TH Tuesday Training

Offered every month except December, 2 hours credit, FREE. GPCA Office

January 27	HPC Randy Martin
February 24	WDO Craig Goodwin
March 24	HPC—Wildlife Mgt Ronald Smith
April 28	WDO Orkin—speaker tba

### GPCA Summer Conference

July 19—22, 2009

Ginn Hammock Resort

Palm Coast, FIA

### NW GA Conference

September 9-10, 2009

Dalton, GA

### South GA Conference

October 7—8, 2009

Rural Development Center, Tifton, GA

## GENERAL INFORMATION

**The beauty of the GPCA conference is that you can go to HPC or WDO classes throughout the program. Additionally, tours, ID labs and Fumigation classes are held concurrently!**

**How to get the most out of the conference:**

- 1 Review the full agenda of events on the next two pages. Pick out the classes you want to attend.**
- 2 Wear your badge at all times—you'll get better attention!**
- 3 Turn off your cell phone! We know you don't want to be embarrassed during the class!**
- 4 Talk to the speaker—they want your feedback but also remember your good manners.**
- 5 Getting your credit—as you enter the classroom, your badge will be scanned.\* Additionally, there is a backup report in your registration packet. At the end of each seminar, we will give you the class number which you will fill in.**
- 6 When you leave the conference, turn in the top copy and keep the yellow copy for your personal records.**

Scanning information: You are scanned into the session. You are NOT scanned out if you stay in the room during the whole class. The system "presumes" that you were in the room for the entire class. If you have to leave the classroom for a few minutes, the door monitor MUST scan you out of the classroom. When you return you MUST be scanned back in. If you're gone more than FIVE (5) minutes, you will not receive credit for the program. This is programmed into the equipment and is not adjustable!

## SPEAKERS IN BRIEF

You may recognize some of the guest speakers that will be featured at our conference—others are 1st timers to the GPCA meeting. They have all generously shared their expertise and time to come—let's give them a warm welcome!

**Dr. Brian Forschler**—Professor of Entomology, UGA. Principle investigator for Household & Structural Entomology Research Program. Currently serves as the UGA representative on the Structural Pest Control Commission

**IS GREEN YOUR COMPANY NEW COLOR? URBAN ENTOMOLOGY LAB TOUR UBRAN ENTOMOLOGY UPDATE**

**Dr. Nancy Hinkle**—UGA's Veterinary Entomologist. Author of chapter on fleas for World Health Organization book; Fleas and Lice in Mallis Handbook.

**DELUSORY PARASITOSIS PUBLIC HEALTH & URBAN PESTS.**

**Jim Harron** is the Division Director for the Structural Pest Control Unit for the Georgia Department of Agriculture and represents the Department on the Structural Pest Control Commission

**CAN'T YOU READ (THE LABEL)?**

**Jeff "Bodine" Sinyard**—member of the Structural Pest Control Commission since 2006, President Adams Exterminating and Charman of Dougherty County Commission.

**ENCAPSULATED CRAWLSPACE**

**Scott Eubanks** - Quality control and regulatory co-ordinator for Northwest Exterminating. VP of GPCA and trainer for many of our education projects.

**ENCAPSULATED CRAWLSPACE**

**Dennis Judy**—Director Education and Quality Assurance Allgood Pest Solutions. Teacher before joining the industry. Serves on many GPCA committees including Train the Trainer program.

**NAME THAT CONDUCTIVE CONDITION**

**Brad Filson**—SE Area Mgr, NISUS Corp. Certified Entomologist, Masters in Land Use Management

**WOOD TREATMENT OPTIONS**

## 2009 HONORARY CONFERENCE CO-CHAIRMEN

**Loyally serving the Georgia Pest Control Association for more than 30 years, the two honorary co-chairs of this year's conference are well deserving of this recognition. Karl served as president of GPCA in 1975 and helped establish the first serviceman's training seminar. Glenda served as president in 1982, working tirelessly to standardize the WDO inspection report.**

**These two industry benchmarks represent only a small portion of the dedication and energy that Glenda and Karl have shared with the Georgia Pest Control Association. Through their foresight, and devotion, our Association has grown and prospered.**

**KARL**—Karl first worked with Rose Exterminating in Ohio, primarily in fumigation. He served as president of both Ohio and Michigan Pest Control Associations before moving to Georgia where he quickly became President of the Atlanta and Georgia Pest Control Associations. Karl started the GPCA summer conference in 1969 as well as many other educational programs. In 1988 Karl retired, soon after selling his own company Golden Rule Services.

**GLEND**A—When Glenda Love was president of GPCA, it was 1982. She was the first—and still the only—woman to hold the position. She came to pest management via the mortgage banking industry, selling foreclosed homes when she was offered a position in sales with Terminix. She learned the industry well becoming one of America's Top Ten Business Women in 1981. After leaving Terminix, she became co-owner of Handyman Pest Control and later Cook's Pest Control.

**Please join us on Wednesday morning as we honor these two outstanding GPCA leaders.**

**53rd Annual Winter Conference—For More Education Go To: GPCA.org**

# GPCA—A CONSTANT LEVEL OF INTEGRITY IN AN EVER-CHANGING

*WORLD Learning can be fun—and helpful to your business. You deserve to be a*

*well-informed Pest Management Professional*

**This action-packed conference is full of programs on HPC, WDO, IPM, PTX, FUM. You will be able to jump from one category to another or you can focus all your time in one specific area of pest management. It's your choice!**
